

Print Client Tutorial

You can print from the library's printer with your own computer. You need to be present at the library when you send the print job to the library printer. Here are the instructions on downloading and installing RPL's Print Client.

Open the Equipments & Spaces page under My RPL > Using the Library > Free Internet & Computers
http://rpl.yourlibrary.ca/account/equipments_spaces

Click on "Download our Print Client" under the Printers, Photocopiers & Scanners section

Print From Your Own Laptop

You can also print from your own computer. Just download and install our Print Client.

[Print Client PDF User Guide](#)

[Download our Print Client](#)

You will open a page that contains a drop-down menu that let you select the location of your print job. Choose the library branch you are currently at and then click the **Select** button.

Please select a destination for your print job:

Brighouse ▾	Select
Brighouse	
Cambie	
Ironwood	
Steveston	

You can then install the client for either a Windows machine or a Mac machine by following the instructions that open up in the new window.

Print from your Portable Computer

 You can easily connect to our printing system from your portable computer and use any of the payment options normally available when printing from Library computers. Click on the link below to start the auto-installer. After the auto-installer completes, a Print Client will open on your machine. When you are finished and press close or shutdown your computer, the application will disappear.

To run the Print Client for a Windows environment, click the link [here](#).

To run the Print Client on a Mac environment (Intel-only), click the link [here](#).

Note: To close the Mac Print Client, select "Quit LPT One Mobile Print Client" from the LPT One Mobile Print Client menu.
